CALYPSO 32

Find an enticing mix of sophistication, style, and the latest in technology aboard the latest addition to the Chris-Craft dual console lineup: The Calypso 32. Each square inch of this model was thoughtfully considered to give all those who step aboard the most premium boating experience possible.

The helm area on the Calypso 32 is fully enclosed and the environment can be climate controlled with optional air conditioning and heating. Close the patent-pending center windshield and drop the aft curtain to create 360 degrees of enclosure.

The spacious bow features JL Audio speakers, USB charging ports, folding arm rests, dedicated storage for fenders and lines, and beautifully appointed upholstery accents.

Behind the helm, Mercury Smartcraft Premier Controls are standard with a digital display integrated into the control base. The unique wave pattern stitching on the double wide helm seat is complemented by a thick stainless-steel bar, and a thigh bolster brings added height and visibility.

Stow away seating is standard throughout the cockpit area, allowing for the space to be easily modified depending on how the boat is being used.

Standard power aboard the Calypso 32 is twin Mercury 300HP V-8 engines. Upgrade to twin 350HP or twin 400HP V-10 engines for a truly unforgettable ride. The V-10 engines include Mercury's new Electric Steering system.

Plenty of finishing touches complete the Calypso 32's style and technology - from the perfectly placed wireless charging pads a custom user interface designed to be user friendly and intuitive.

LENGTH 33'8" / 10.26 m
BEAM 10' / 3.05 m

DRY WEIGHT 13,398 lbs / 6,077 kg
FUEL CAPACITY 230 gal / 870.6 ltr

MAX HP 800 HP
MAX PERSONS Yacht Certified

CUSTOM TO YOU.

Your perfect day on the water is waiting.

Add to the iconic beauty of your Calypso 32 by selecting Heritage Edition, which includes teak accents throughout, teak covering boards, swim platform, plus a full teak floor.

Popular upgrades include an Air Conditioning / Heating System with the option of 8,000 or 10,000 BTU, a Lithium Ion Battery System with Inverter Charger, a Mediterranean Storable Forward Sun Shade, Seakeeper 2 Gyro Stabilizer, and much more.

Among other performance features, Seakeeper Ride is standard aboard the Calypso 32.
