HERITAGE & HISTORY

Chris-Craft is truly an American story. Born in 1874, it came of age at a time that defined the notion of American ingenuity. While Henry Ford was creating the first motorcars, his watercraft counterpart, Christopher Columbus Smith, was developing the first engine-propelled boats and skiffs. Even during the Great Depression, Chris-Craft thrived because quality is always prized. During the Second World War, the company reinforced its hold on the American imagination when its landing craft transported the first troops to the Normandy shores on D-Day. In more ways than one, Chris-Craft would become a symbol of liberation and freedom. In 1959, *Time Magazine* would recognize the popular phenomenon of pleasure boating and feature Chris-Craft on its cover. Throughout its rich history, a reputation for quality and style have made it the favorite of presidents, celebrities and icons of American affluence - names like Roosevelt, Kennedy, Vanderbilt, Morgan, Ford, Sinatra, and Hepburn.

WE HAVE A UNIQUE DESIGN LANGUAGE

Cast your eyes around any marina, and you'll see dozens of boats that all look the same. Chris-Crafts stand out because they are defined by specific design characteristics. There is nothing brash or overdone. Nothing trendy or frivolous. Simply classic lines and elegant touches that contribute to their beauty, as well as their overall form and function.

Before you even step aboard, the very form of our boats will captivate and inspire you. The graceful curves and sharp edges blend seamlessly together to create an organic shape of undeniable beauty. But it isn't until you take a cruise, race the wind, and just sit back and take it all in, that you'll truly appreciate the uncompromised design - and all of the subtle extras that make it uniquely Chris-Craft.

TRADEMARK TEAK

IT'S IN THE DETAILS

Doing things the right way isn't always the easiest, but to us, it's worth it. Our innovation and willingness to find the best approach to do something is the reason we've always been able to achieve ultimate functionality without sacrificing beauty. Our iconic deep-V hull appears as if it's sculpted from a solid block, and is engineered for extreme stability and dynamic performance in all conditions. Design details like bow and stern Chris-Craft logos set in steel, wood, and cleats, horns and intake plates, are made to adorn our boats like crowning jewels.

WE BUILT OUR REPUTATION ON IT

From the beginning, the founder of Chris-Craft, Christopher Columbus Smith, had a love affair with wood. He instinctively understood how to select and work with it to build the most magnificent boats that graced the seas. His woodworking skills were so well respected that, at that time, lumber yards referred to the highest grades of wood as "Chris-Craft quality."

Today, Chris-Crafts continue to be designed, engineered and built to the same standards, using only the highest quality woods available.

We employ the most skilled carpenters, joiners, cabinetmakers and artisans - all of whom are experts in boat building. Many have been crafting our boats for decades. Their knowledge of teak and other woods including mahogany, oak, maple, walnut, cherry and exotic woods, is unsurpassed in the industry.

PAINT COLLECTION

CUSTOM MADE

At Chris-Craft, we believe your boat should be a reflection of your personal style. Our extensive selections of non-metallic and metallic paints are designed to go beyond the gel-coat color offering to provide our owners with the opportunity to create a boat that is customized down to the very last detail.

A true multi-step process, our hulls are primed and painted under the constant care and attention of our skilled team. Our finish creates a durable layer protecting the paint, allowing for years of brilliant color.

CUSTOM UPHOLSTERY

THE CHOICE IS YOURS

In crafting our interiors, every fine point matters: the alignment of seams, the matching of patterns, the spacing between rows of stitches, and the precision of our embroidered logo. Hand-made from soft, luxurious vinyl that is the highest quality for marine use available, our hand-selected fabrics are not only fade-, tear- and stain-resistant, but puncture-resistant as well.

Design a Chris-Craft that is uniquely yours with a broad selection of solid or two-tone vinyl color options. Opt for color-contrast stitching for further customization and a distinctive look. Whichever you choose, you'll know that every stitch has been handcrafted by master seamstresses in our Sarasota factory who share the same passion for Chris-Craft as you.

LAUNCH & LAUNCH GT STERNDRIVE RUNABOUT RANGE

The Launch and Launch GT range makes entertaining easy with a wide, flared hull that creates ample space for a u-shaped bow and generous cockpit seating. The Launch range is a luxurious way to bring the entire family together.

LAUNCH GT OUTBOARD RUNABOUT RANGE

Every detail was considered in the design of the new Launch GT line. The result is a boat that features the latest technology and precise craftsmanship. The most defining feature of the Launch GT line is the ability to choose between outboard and sterndrive power. From the walkthrough transom and dive door, to the perfectly designed cockpits that are shaded by an electric folding tower or painted fiberglass hardtop, the GT line has it all.

CATALINA CENTER CONSOLE RANGE

The Catalina line of center consoles are outboard powered boats that feature a beautifully styled Pilothouse design that combines wind protection with elegant styling. The Pilothouse design eliminates the need for multiple supports, providing unobstructed movement on deck. The combination of power, innovation and classic Chris-Craft styling in the Catalina line make this range one of a kind on the water.

CALYPSO DUAL CONSOLE RANGE

The Calypso range features beautiful and versatile dual console models. These outboard powered boats are designed to accommodate practically anything you do onboard. The line features clever seating that folds down to add space, a convenient kitchen with optional grill, and a stainless-steel hardtop that shades the cockpit. From watersports to extended excursions with friends and family, the Calypso range is equipped with all your favorite amenities.
