QUALITY

Winnebago RVs are designed and built around you, with superior craftsmanship, advanced manufacturing technologies and steel-focused construction to enhance safety and reliability.

INNOVATION

From groundbreaking RVs to game-changing features to the spacious floorplans made possible by our SmartSpace™ design, our heritage is unrivaled for continuous industry firsts in vehicle technology and design.

SERVICE

Our carefully chosen dealers are supported by factory training and our advanced parts supply system, while owners benefit from excellent real-world customer support as well as 24/7 access to online technical information.

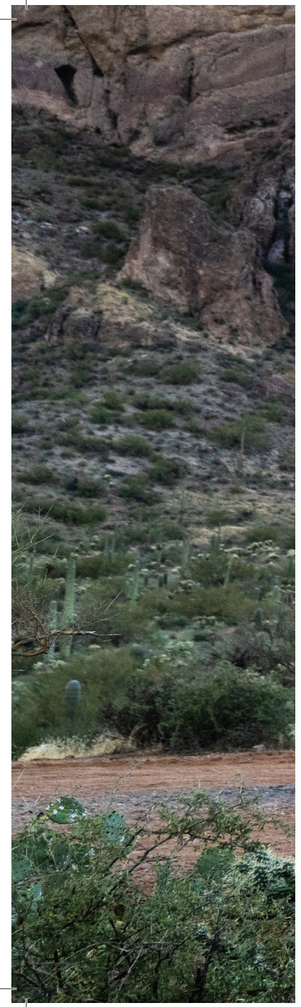

BELONGING

Winnebago owners are a connected community – some of the friendliest, most knowledgeable and welcoming RVers you'll find anywhere.

Let’s go!

One of the best-selling camper vans in North America, the Winnebago® Travato,® brings its can-do capability to adventure seekers of all types, and with features that make life on the go even easier and more comfortable.

- Engineered for extended-season camping*
- Efficient heating and cooling systems
- Convenient, accessible storage
- Fuel-efficient with daily driver capability
- Available Pure[3] Advanced Energy System

WINNEBAGO

Meet the Travato

The 21' Travato is available in four floorplans, including two with the Pure^{3} Advanced Energy System, which uses safe, dependable automotive-grade technology to extend off-grid stays without a generator or electrical hookup.

And the adventures don't have to end when the seasons change, thanks to extensive insulation, above-floor waterlines, heated tanks and available dual-pane acrylic insulated windows.*

1 RAM PROMASTER® CHASSIS WITH 280-HP 3.6L V6
Fuel-efficient and easy to drive, with plenty of power

2 AVAILABLE DUAL PANE ACRYLIC INSULATED WINDOWS
Provides additional thermal and acoustic insulation

3 POWERED PATIO AWNING
With LED lighting and Bluetooth® control

4 SIDE SCREEN DOOR WITH MAGNETIC CLOSURES
Keep bugs out and let the breeze flow through

5 TRUMA COMBI® ECO PLUS
Uses propane and/or electricity to efficiently provide hot water and coach heat

6 REAR ANNEX
The rod-mounted privacy curtain adds living space in camp

*Winnebago recommends following the winter use guidelines and winterization procedures outlined in your owner's manual whenever camping in freezing conditions.

PURE³ ENERGY MANAGEMENT SYSTEM

- More than 9,000 watt-hours of usable power (over 12,000 with optional energy pack)
- Dedicated auxiliary alternator powered by the chassis engine
- Includes 3,200-watt inverter and Bluetooth® control module

PLUMBING SYSTEM

- Weather-protected waterlines and heated tanks for colder-weather camping
- Water panel centralizes control valves, connection points and exterior wash station
- Eco-Hot® water system conserves water and provides instant hot water

HVAC SYSTEM

- Centralized panel location for all coach systems
- Efficient Truma Combi® Eco Plus heating system runs off propane or electricity if available
- Ultra-quiet Coleman®-Mach® 10 NDQ air conditioner with directional vents and built-in thermostat, conveniently operable using the smartphone app

Innovative Features Make The Most Of Every Square Inch

1. **Cab**
   An inflatable bed, supported by the cab seats, can be deployed to comfortably accommodate overnight guests.

2. **Dinette**
   The 59G and 59GL offer dinette seating with 3-point seat belts while all floorplans feature an adjustable, movable table.

3. **Galley**
   The galley is fully equipped with a compressor-driven refrigerator, propane or induction cooktop, microwave or microwave/convection oven, and stainless steel sink set in the beautiful Corian® countertop.

4. **Bedroom**
   The redesigned corner bed (59G and 59GL) is roomier and lighter, allowing easier access to the under-bed storage. The 59K and 59KL's Flex Bed system quickly converts to a larger bed, and also provides easy access to the below-bed passenger-side storage.

5. **Wet Bath**
   The convenient wet bath includes a fold-down or stainless steel sink, Oxygenics® showerhead, toilet with foot pedal and sprayer, medicine cabinet and powered roof vent.

6. **Rear Annex**
   The rear annex extends your living space and can be used for hanging wet gear or clothing, as an outdoor shower, an impromptu awning, or a myriad of other uses.

With its advanced technology and long list of standard features, the Travato makes every trip more comfortable, more enjoyable and more memorable.

CAB SAFETY FEATURES

The Travato features the latest Ram ProMaster® safety features, including Crosswind Assist to provide more control in gusty conditions, and Blind Spot Monitoring to notify you when a vehicle has entered your blind spot.

SWING-ARM MOUNTED SWIVEL TABLE

The sleek pedestal in the lounge includes pop-up power outlet, RAM® Mount assist handle to securely attach a variety of electronics, making it the perfect mobile workspace.

WINNSLEEP SYSTEM

All floorplans feature our plush, cool and comfortable WinnSleep® system, combining a superior mattress with a European suspension system that increases comfort, relieves pressure and improves air circulation under the mattress.

Macerator pump (59G, 59GL gray tank only)
Holding tank flushing system
Heated drainage system

Safety

LP, smoke, and carbon monoxide detectors
Fire extinguisher
Ground fault interrupter
Fog lamps

Warranty[5]

12-month/24,000-mile basic warranty[6]

FOOTNOTES

1. The height of each model is measured to the top of the tallest standard feature and is based on the curb weight of a typically equipped unit. The actual height of your vehicle may vary by several inches depending on chassis or equipment variations. Please contact your dealer for further information.
2. Capacities are based on measurements prior to tank installation. Slight capacity variations can result due to installation applications.
3. Capacities shown are tank manufacturer's listed water capacity (W.C.). Actual filled LP capacity is 80% of listing due to overfilling prevention device on tank.
4. Actual towing capacity is dependent on your particular loading and towing circumstances which includes the GWR, GAWR, and GCWR, as well as adequate trailer brakes. Please refer to the Operator's Manual of your vehicle for further towing information.
5. See separate chassis warranty.
6. See your dealer for complete warranty information.

NA Not Available

Not all items available in combination. See dealer for details.

Because features, specifications, equipment, and options may vary from those highlighted here, the buyer is responsible for confirming with the dealer the features, specifications, equipment, and options included on their specific vehicle. In addition, Winnebago's program of continuous product improvement may result in changes to vehicle specifications, equipment, model availability, and price without notice.
